

Žlutě vybarvi ty dominové kostky, které mají v obou polovinách dohromady přesně pět hvězdiček. Modře vybarvi ty kostky, které mají v obou polovinách stejný počet hvězdiček.

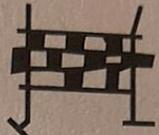

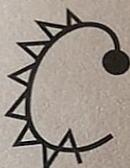

Vezmi si pastelku, najdi na ploše dvě stejná písmena a dej je do kroužku. Kroužek pak touto pastelkou vybarvi.  
Takto pokračuj i u ostatních písmen.  
Pro každou dvojici použij jinou barvu.
